Photography

We welcome you to take photographs for personal use in most of the exhibitions, but we discourage flash photography. Please notice the signs asking you not to take pictures of certain displays. It's tempting to take a photo of the kids next to the mammoth, but stepping into displays may damage them and will set off alarms. No tripods or monopods, please. Photography and sketching is only allowed for non-commercial purposes.

Displays and activities on the ground floor are free. Upper floor exhibits, galleries and tours are accessible with museum admission or membership.
